# REVIEWS

Had the pleasure of working with Francois on a fitness themed shoot and what a great experience. He was very courteous, accommodating and just an absolute pleasure to work with, very professional and highly recommended.

**Priscilla Ribeiro**

Excellent space, lights, grip, trusses, backdrops etc... François great at problem solving (even making some props with adequate notice). Friendly helpful staff. Shot there in 2011 and in 2018. Will be back. Nothing in London quite like this studio!

**Michael Taylor**

One of the best studio & event spaces I've used in London. Super professional & friendly staff, very accommodating and high quality equipment.

**Phillip Sherry**

We have now worked with Francois and his team a few times and it has always been a great experience. The team are always welcoming, professional and friendly. On this occasion Francois was able to squeeze us in last minute to accommodate our timeline. The facilities along with the space at Simulacra studios are fantastic and his expertise led to a relaxed and efficient shoot. The final images were exactly what we were looking for, they were high quality and delivered quickly. Francois and the team are a pleasure to work with, I'm looking forward to return to Simulacra studios for our next shoot.

**Eleanor Bickerton**

Francois, Sara and Jana pulled out all the stops for our session in Studio One today! Thanks for everything. They built a set, helped us pour paint all over our model and kept everything professional, fun and stress free. Highly recommended studio with excellent staff, kit and facilities.

**Boris Georges**

Fantastic space with flawless friendly service. The amazing service helps to create the atmosphere you need to make it happen in front of the lens - with ease! Fantastic Value, couldn't fault it.

**Daniela Fleckenstein**
